Sis. Janet Carr
Church Clerk

December 9, 2004

Mr. James O. McReynolds,
County Administrator

We the officers and members of the Shiloh Baptist Church are in the process of expanding our ministry to better serve our members and the community. God has blessed us to develop new programs to minister to the growing population of youth, unwed mothers, and senior citizens. We also desire to expand our outreach ministry to further help those in need.

We have recently been informed by our architect, Greg Brezinski, that our property is currently zoned as Resource Conservation. It is our understanding that RC zoning is mainly for government and forestry land to preserve our precious resources and does not include churches, schools, or cemeteries. We believe that this RC zoning classification may have been an over sight or mapping error. We are asking that the Board of Supervisors give consideration to reclassifying the property to Rural Residential which would allow us the rights and privileges to expand on our property without any restrictions.

We thank you in advance for your cooperation and the swift correction of this matter. If you have any questions or concerns please feel free to contact the church or call me, Harry Washington personally, at 898-4191.

May God's blessings be upon you and your family during this Holy Season.

Sincerely Yours,

Shiloh Baptist Church Board of Trustees
Trustee Harry Washington
Expansion Program Coordinator
